**Hunters Point Naval Shipyard:** On January 21, the Bayview EJ Justice Task Force invited EPA and the Navy to give a presentation on the following items: 1) the current status of cleanup at the Shipyard Site, 2) plans to leave some contamination in place, 3) measures to protect the Site and SF bay from sea level rise and storm surges associated with climate change, and 4) dust suppression and other pollution associated with remediation and construction work for the large scale development project. Lily Lee will do the presentation. Jackie Lane (Community Involvement Coordinator), John Chesnutt (Manager), and Michele Huitric (Press Officer) will also attend. An NBC reporter has indicated interest in attending future public meetings regarding the Shipyard. (Lane, 2-3236, Lee, 7-4187)
